

# HD Barrier™

## 1000mm high

Verge HD Barrier is a dual rail, heavy duty modular barrier system designed to safely segregate between vehicle traffic and pedestrian walkways. Available in either 700mm high or 1000mm high modules, the kits come flat packed ready to assemble for easy installation.

### Features and Benefits

- ✓ Heavy duty steel system for superior strength and finish
- ✓ Fully modular, flat pack kits
- ✓ All fixings included
- ✓ Suitable for internal and external use
- ✓ Available in various sizes to suit every need
- ✓ Easy to assemble and install – no cutting, no welding, no mess
- ✓ Great range of optional accessories
- ✓ 5 year warranty
- ✓ Made in Australia

HD Barrier is also available with a modular handrail attachment which provides a compliant 1m high handrail to the walkway side of the barrier. V-Stop Floor Angle is also available to protect against obstacles protruding into designated walkways.
